

Systematic Review & Meta Analysis

Global program to connect vibrant authors.

Medicine | Pharmacy | Other Healthcare

In association with Center for Health Research - DhiShi Scientific Pvt. Ltd. for end-to-end research support.

Publishing Is No Longer Optional – It's Your **Academic Currency**.

Visit Course

This 5-session online course by ScienceBy offers a step-by-step guide to conducting and publishing high-quality systematic reviews and meta-analyses. Participants will learn how to frame a research question, design a protocol, perform literature searches, screen and extract data, assess study quality, and run a basic meta-analysis using tools like Rayyan and RevMan. The course emphasizes PRISMA compliance, practical skills, and publication readiness, ideal for researchers, healthcare professionals, and graduate students aiming to publish in indexed journals.
